Resolution requesting the Wisconsin State Legislature adopt legislation which closes the current loopholes shifting Property Tax Burdens from Commercial Property Owners to Residential Homeowners.

WHEREAS, homeowners in Wisconsin already pay 70% of the total statewide property tax levy; and

WHEREAS, that disproportionate burden is about to get much worse unless the Legislature addresses tax avoidance strategies that national chains like Walgreens and big box retail establishments like Target and Lowe’s are using across the country to gain dramatic reductions in their property tax bills at the expense of homeowners and other taxpayers; and

WHEREAS, a carefully-orchestrated wave of hundreds of lawsuits in Wisconsin is forcing assessors to slash the market value of thriving national retail stores, shifting their tax burden to local mom and pop shops and homeowners; and

WHEREAS, Walgreens and CVS stores in Wisconsin have argued in communities across the state that the assessed value of their property for property tax purposes should be less than half of their actual sale prices on the open market; and

WHEREAS, in many cases the courts have sided with Walgreens and CVS, requiring communities to refund tax revenue back to the stores; and

WHEREAS, there are over 200 Walgreens stores located in Wisconsin’s cities and villages, four in the City of West Allis; two stand-alone CVS stores and one CVS store located inside a major department store; and

WHEREAS, big box chains, some of which are currently operating in West Allis, are using what is known as the “Dark Store Theory” to argue that the assessed value of a new store in a thriving location should be based on comparing their buildings to sales of vacant stores in abandoned locations from a different market segment; and

WHEREAS, the Indiana State Legislature has on two occasions in the last two years overwhelmingly passed legislation prohibiting assessors from valuing new big box stores the same as nearby abandoned stores from a different market segment; and

WHEREAS, the Michigan State House overwhelmingly passed similar legislation in May of 2016.

NOW, THEREFORE, BE IT RESOLVED that the Common Council of the City of West Allis urges the Governor of the State of Wisconsin and the Wisconsin State Legislature to protect homeowners and small businesses from having even more of the property tax burden shifted to them by passing legislation clarifying that:

1. Leases are appropriately factored into the valuation of leased properties; and
2. When using the comparable sale method of valuation, assessors shall consider as comparable only those sales within the same market segment exhibiting a similar highest and best use rather than

similarly sized but vacant properties in abandoned locations.
